

NuPol - Drywash cleaner & Finish restorer

Nuvite's NuPol is the high-power drywash cleaner & finish restorer for those really tough situations of baked on carbon exhaust trails, surface staining, dull, dirt-catching oxidized paint – anywhere you need to perform “magic”! NuPol is easy to use – just wipe or mop on with spun cotton scrub pad, agitate to a thin layer, let dry. When you wipe off the dry haze you will see a clean, shiny and U/V protected paint surface! NuPol is highly recommended to help offset the deleterious effects of de-icing fluids on a painted (or bare metal) substrate. Use it anywhere ! NuPol can beat the toughest paint appearance problems.
