TECHNICAL DATA

CITRI-CUT XTRA

Wetwash/Rinse, Waterless-Clean, Hand Wash/Sealer

Citri-Cut Xtra, a citrus based cleaner/sealer provides a wide range of airframe cleaning capabilities with the added benefit for fleet livery appearance. Nuvite's exclusive formulation gives exceptional cleaning power while enhancing paint gloss. Whether Wetwash with rinse, Waterless Dry-Cleaning to avoid affluent runoff, or Hand Detailing to enhance gloss, Citri-Cut Xtra deposits a thin protective sealant against resoiling and paint oxidation. Citri-Cut Xtra offers the versatility of being able to wetwash with up to a 1:20 dilution dependent on soil conditions. Where waterless dry cleaning is preferred a 1:12 dilution can be utilized without the need of capturing affluent rinse runoff.

Citri-Cut Xtra when used as a hand wash/sealant detail through a spray bottle application, a dilution of 1:8 is recommended for cleaning areas of heavy soil build up on the belly. Citri-Cut Xtra can be used as a degreaser for heavy cleanup, such as wheel wells, flap wells and bellies. Apply at full concentrate strength with a low pressure spray, let soak, agitate with Citri-Cut Xtra soak wash brush or pad, and rinse clean with water.

FEATURES

- Heavy-duty cleaner coupled with powerful, citrus-based activators that are effective for cleaning dirt, carbon, grease and oils plus added polymers for paint protection
- Can be used at 1:8 – 1:20 as needed for wetwash, waterless dry cleaning, hand wash/sealant detailing
- User and Environmentally friendly
- Can be used as a penetrating degreaser at full strength
- Completely biodegradable
- Conforms to Airframe OEM standards and specifications

SPECIFICATIONS

Appearance:	Orange liquid
Flash Point:	None
Odor:	Mild citrus orange
pH:	11.8 – 12.5 @ 25°C
Solubility:	Infinite in water
Specific Gravity:	1.01 @ 25° C

INSTRUCTIONS FOR USE

Citri-Cut Xtra is recommended for the periodic cleaning of exterior aircraft surfaces in dilutions determined by the extent, condition and type of soil to be removed.

For Normal Cleaning: Wet Wash: Dilute 1:8 - 1:20 with water depending upon soil conditions and cleaning frequency. Apply to aircraft surfaces by spray, mop, or foam application. Agitate surface to loosen soils and rinse clean with water.

Dry Cleaning: Waterless Wash Dilute 1:8-1:12 with water depending upon soil conditions and cleaning frequency. Apply to aircraft surfaces by spray or manual application. Agitate surface to loosen soils, then wipe dry with a clean terry towel or string mop to allow sealant to dry.

Heavy-Duty Cleaning/Gear, Wheel Wells, Flaps, Cowlings: Use full strength concentrate, or up to a 1:4 dilution depending upon soil conditions. Soak for up to 10-15 minutes. Do not allow soaking area to dry, reapply as needed. Agitate surface with a wash brush or pad to loosen soils. Rinse clean with water.

When using Nuvite products, please use recommended procedures and equipment. For further product information, and technical support, consult a Nuvite Representative at 800.394.8351

HEALTH AND SAFETY

Users should use standard safety precautions, such as wearing gloves and eye protection along with any other standard safety procedures. Refer to Citri-Cut Safety Data Sheet for further health and safety information.

AVAILABILITY

Citri-Cut Xtra is available in 1 and 4 oz sample bottles, 1 quart, 1, 5 and 55 gallon containers and 5000 gallon tank wagons
