

TECHNICAL DATA

CITRI-CUT

Citrus-Based Cleaner for Wetwashing/Degreasing

Citrus-based Citri-Cut provides a wide range of airframe cleaning capabilities, yet is both user and environmentally friendly. Nuvite's exclusive formulation gives exceptional cleaning capabilities and ease of use whether wetwashing, cleaning by hand, even when used as a degreaser. Citri-Cut is used with a wide range of dilutions such as for wetwashing at 1:20 dilution or at 1:12 from a hand spray bottle for manual debugging without the need for an after-rinse. Operations can be handled in place, in the maintenance bay, or on the ramp. When used for heavy cleanup on wheel wells and bellies, Citri-Cut can be used at full concentrate strength by applying with a low pressure spray, let soak, and spray rinse clean with high pressure.

FEATURES

- Heavy-duty cleaner coupled with powerful, citrus-based activators that are effective for cleaning dirt, carbon, grease and oils
- Safe and pleasant for users and the environment
- Can be used as a penetrating degreaser at full strength
- Can be used at 1:8 – 1:20 as needed for wetwash or hand wipedown
- Effective and easy to use as a hand spot cleaner and debugger
- Completely biodegradable
- Contains no alkaline salts, petroleum distillates or phosphates
- Conforms to Airframe OEM standards and specifications

SPECIFICATIONS

Appearance:	Orange, free-flowing liquid
Flash Point:	None
Odor:	Mild citrus orange
pH:	11.8 - 12.5 @ 25 °C
Solubility:	Infinite in water
Specific Gravity:	1.01 @ 25°C

INSTRUCTIONS FOR USE

Citri-Cut is recommended for the periodic cleaning of exterior aircraft surfaces in dilutions determined by the extent, condition, and type of soil to be removed.

For Normal Cleaning – Wet Wash: Dilute 1:12 - 1:20 with water, depending upon soil conditions and cleaning frequency. Apply to aircraft surfaces by spray, mop, or foam application. Agitate to loosen soil and rinse with water.

Wipedown/Debugging: Dilute 1:12 - 1:15, use trigger spray bottle and spray area within reach. Agitate with terry towel sprayed with the same solution, repeat to remove heavy bug soil if necessary. Wipe dry with dry terry towel. Note: in the event of product contact on formed polycarbonates, thoroughly rinse with water.

Heavy-Duty Cleaning/Gear, Wheel Wells, Flaps, and Cowlings: Use full strength concentrate up to a 1:8 dilution depending upon soil conditions. Allow to soak 15-20 minutes. Do not allow soaked area to completely dry. Rinse with high pressure water.

When using Nuvite products, please use recommended procedures and equipment. For further product information, and technical support, consult a Nuvite Representative at 800.394.8351

HEALTH AND SAFETY

Users should use standard safety precautions, such as wearing gloves and eye protection along with any other standard safety procedures. Refer to Safety Data Sheet for further health and safety information.

AVAILABILITY

Citri-Cut is available in 1 and 4 oz sample bottles, 1 quart, 1, 5 and 55 gallon containers and 5000 gallon tank wagons.
